Claudia Endler Designs

Claudia Endler Designs features modern, contemporary fine jewelry that features a blend of high fashion and architectural elements. Passionate about modern jewelry, art, architecture, design, and self-expression, Claudia Endler has been designing modern jewelry collections for everyday wear, special occasion, and bridal for more than 10 years. After a successful career as a designer representative in the fashion industry, Claudia's passions and talents collided, culminating in the formation of Claudia Endler Designs. By combining elements from graphic design, art, and architecture, the essence of Claudia's jewelry designs is to illuminate the unique qualities that define each person, individually.

Her engagement / bridal pieces offer distinctive alternatives to the traditional matrimonial fare. "Timeless and infinitely modern jewelry" is how Claudia describes the style of her work, creating mostly custom pieces aimed at revealing subtle aspects of an individual's taste, personality, and desires. The silver designs have a very minimalist feel and will blend well with any wardrobe. Many of the designs, such as the stackable rings, feature architectural and geometric-inspired elements. Whether you are looking for a unique piece for your wedding day or a simple, classic piece for everyday wear, Claudia Endler has a variety of choices that are sure to fit the bill. Funky Finds readers will receive an exclusive 30% discount on the following pieces with coupon code **FunkyFinds**. Round Bead Triangle Earrings, Tear Drop on Lever Back Earrings, Silver Round Bead on Chain

***GIVEAWAY - Closed - Congrats Dana!** Claudia Endler Designs is giving away a beautiful pair of round bead triangle earrings. To enter, simply visit Claudia's website & leave a comment on this post noting your favorite design. For an additional entry, become a Facebook fan & leave a comment noting you have done so. Giveaway ends at 9pm EST, Sunday, May 23.
