 Favorite American Designers

In honor of the upcoming holiday, (aka 4th of July), I'm highlighting three of my favorite "Made In America" designers!

Claudia Endler Designs

From left to right: Double Cylinder Necklace, Bardrop Peridot, & Green Tourmaline Bezel Ring,

Love modern design? Love jewelry? Claudia Endler Designs (CED) marries design and jewelry into stunning wearable art. This gorgeous fine jewelry with a sophisticated and eclectic flair is ideal for discriminating Fashionistas. I love this designer's work so much that I own my own fair share and my husband and I sport CED wedding bands.
